SOLICITATION CONDITIONS

L.1 PROPOSAL COMPOSITION - SOURCE SELECTION PROCEDURES

(a) Proposal shall be submitted in two major subdivisions: Technical Proposal whose content and arrangement shall be as described in the article, "INSTRUCTION FOR PREPARING THE TECHNICAL PROPOSAL" of this section, and a Price Proposal, which shall be prepared in detail on a basis as described and set forth in the article entitled, "INSTRUCTION FOR PREPARING THE PRICE PROPOSAL" of this section.

(b) The Technical Proposal and the Price Proposal portions of each proposal tendered by any offeror shall each be enclosed in a separate sealed package, identified on its outer surface as to content in the manner prescribed in the article entitled "INSTRUCTIONS TO OFFERORS" of this section and submitted in the following number of copies:

- (1) Technical Proposal - One original and three (3) copies.
- (2) Price Proposal - One original and one (1) copy.

(c) Each offeror may submit one or more proposals; however, each proposal shall be configured as described above, shall be considered on its own merits as to the completeness of submissions and shall not share required documentation, bonding, or other requirements of submission with any other proposal submitted by the same offeror.

L.2 INSTRUCTIONS FOR PREPARING THE TECHNICAL PROPOSAL - SOURCE SELECTION PROCEDURES

(a) The Technical Proposal shall consist of one Factor, Past Performance and be contained in a three ring binders, binder clips, rings or other methods that allow the material to be viewed and removed easily. Spiral binding is strongly discouraged.

(1) Evaluation Factor 1 - Past Performance. Although the government reserves the right to use any source of information available on the Offeror's past performance to either evaluate past performance or verify information provided by the Offeror, the Offeror shall provide information that demonstrates the offeror's past performance. The enclosed "AOC PAST PERFORMANCE QUESTIONNAIRE" shall be provided to each of the companies/agencies submitted by the offeror in response to Evaluation Factor 1. The questionnaire(s) must be faxed or emailed from the companies/agencies to the attention of Mr. Patrick G. Hunt at fax number (866) 221-2458 or email address: phunt@aoc.gov by the date established for receipt of offers in order to be considered in the evaluation process. A neutral rating will be applied for those projects/contracts for which a questionnaire is not received.

L.3 INSTRUCTIONS FOR PREPARING THE PRICE PROPOSAL - SOURCE SELECTION PROCEDURES - CONSTRUCTION

(a) A firm fixed-price shall be entered by each offeror on page 3 of the SOLICITATION, OFFER, AND AWARD form which shall represent the cost for performing the work required by this Request for Proposal. The Architect reserves the right to request from each offeror information

regarding the breakdown of all costs that are included in the lump sum price (Line Item No. 1), to include copies of all work sheets used in forming the proposed pricing. Erasures or other changes on any or all submissions shall be initialed by the signer of the proposal or by his duly authorized agent.

(b) The Price Proposal shall be submitted with the following required documents in the order shown below:

- (1) "SOLICITATION, OFFER, AND AWARD" form (original signature required in Block 20B);
- (2) the "REPRESENTATIONS AND CERTIFICATIONS"; and
- (3) the "BID GUARANTEE".

L.4 EVALUATION CRITERIA - SOURCE SELECTION PROCEDURES - CONSTRUCTION

General Requirements. The evaluation criteria to be used by the Contracting Officer for the selection of a contractor to perform the work specified herein are defined below. The criteria are divided into Technical and Price categories. The Technical Evaluation Criteria, when combined, are significantly more important than price. However, as the difference in technical merit between the proposals becomes less significant, the relative importance of the proposed prices will increase.

(a) *Technical Evaluation Criteria.* The criteria to be used in assessing the quality of each proposal are listed below.

(1) Past Performance.

Proposals and Past Performance Questionnaires received from customer references will be evaluated to determine whether, and the extent to which, the offeror and its proposed major subcontractor(s), if applicable, have demonstrated a satisfactory record of conforming to contract requirements and to standards of good workmanship; a satisfactory record of forecasting and controlling costs; a satisfactory record of adhering to contract schedules, including the administrative aspects of performance; a satisfactory history of reasonable and cooperative behavior and commitment to customer satisfaction; and, generally, evidence of a business-like concern for the interest of the customer.

It is the offeror's responsibility to ensure that Past Performance Questionnaires are completed and timely submitted by customer references, and that correct names, addresses and phone numbers are provided in the proposals for each reference. An offeror will not be penalized in the evaluation with an unfavorable rating for the failure of its customer references to complete and submit the Past performance Questionnaires. The Government may contact offeror customer references or use other references/information to verify past performance.

L.5 AOC52.215-5 CONTRACT AWARD - SOURCE SELECTION PROCEDURES (Jun 2004)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The Government may—

(1) Reject any or all offers if such action is in the public interest;

(2) Accept other than the lowest offer; and

(3) Waive informalities and minor irregularities in offers received.

(c) The Government intends to evaluate proposals and award a contract without discussions with offerors (except clarifications as described in FAR 15.306(a)). Therefore, the offeror's initial proposal should contain the offeror's best terms from a price and technical standpoint. The Government reserves the right to conduct discussions if the Contracting Officer later determines them to be necessary. If the Contracting Officer determines that the number of proposals that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the Contracting Officer may limit the number of proposals in the competitive range to the greatest number that will permit an efficient competition among the most highly rated proposals.

(d) The Government may accept any item or combination of items, unless doing so is precluded by a restrictive limitation in the solicitation or the offer.

(e) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer as provided in Paragraph (d) of this provision), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the Government.

(f) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract. However, if the resulting contract contains a clause providing for price reduction for defective cost or pricing data, the contract price will be subject to reduction if cost or pricing data furnished is incomplete, inaccurate, or not current.

(g) The Government may determine that an offer is unacceptable if the prices proposed are materially unbalanced between line items or sub line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of cost or price analysis techniques. A proposal may be rejected if the Contracting Officer determines that the lack of balance poses an unacceptable risk to the Government.

Unlisted classifications needed for work not included within
 the scope of the classifications listed may be added after
 award only as provided in the labor standards contract clauses
 (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates
 listed under the identifier do not reflect collectively
 bargained wage and fringe benefit rates. Other designations
 indicate unions whose rates have been determined to be
 prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can
 be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on
 a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests
 for summaries of surveys, should be with the Wage and Hour
 Regional Office for the area in which the survey was conducted
 because those Regional Offices have responsibility for the
 Davis-Bacon survey program. If the response from this initial
 contact is not satisfactory, then the process described in 2.)
 and 3.) should be followed.

With regard to any other matter not yet ripe for the formal
 process described here, initial contact should be with the
 Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
 Wage and Hour Division
 U.S. Department of Labor
 200 Constitution Avenue, N.W.
 Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an
 interested party (those affected by the action) can request
 review and reconsideration from the Wage and Hour Administrator

(See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
